

July 11/12 Message

“We’re in pretty good shape for the shape we are in!”

What we want most from our church:

- Strong programs for children;
- Help us develop a personal relationship with Jesus Christ;
- Help us understand the Bible in depth;
- Provide compelling worship;
- Church leaders model how to grow.

What we say works best in our church:

- Promotes a strong serving culture;
- Provides chances to serve those in need;
- Provides compelling worship;
- Provides strong programs for children;
- Church leaders model how to grow.

What we say are the top priorities for our church:

- Help develop a personal relationship with Jesus Christ;
- Help us understand the Bible in depth;
- Help us develop a strong prayer life;
- Provide strong programs for children.

Areas we need to improve:

- Evangelism;
- Stewardship;
- Personal spiritual disciplines;
- Bible study and understanding;
- Prayer life and building a relationship with Jesus;
- Balancing life in a spiritually healthy way.

1. What do we value the most?

- A personal relationship with Jesus Christ.

2. What is the reason we say we do not grow in this as much as we desire?

- Our own personal spiritual disciplines;
- The business of life crowds out the spiritual.
